## FOUR KILLED IN A WRECK NEAR EUGENE SOUTH DAKOTA TOWNS BURNED TO GROUND BY NIGHT RAIDERS

### WOULD REPORT AT FORT ANNIS SLAYER OUT OF MIND

(United Press Leased Wire.)  
New York, Aug. 24.—Captain Peter C. Hains, U. S. A., slayer of William E. Annis, either has gone stark mad today or is doing some of the best shamming ever seen in a New York jail.  
He seems to have forgotten all about the killing of Annis and is possessed with the single idea that he must report to his superior officer at Fort Hamilton before noon today when his leave of absence expires.  
A double watch has been placed

### TURKEY AGAIN IN TURMOIL MOBS AFTER JAIL PRISONERS

(United Press Leased Wire.)  
Constantinople, via Plevdiv, Aug. 24.—This city is in a turmoil today following the arrest of several of the defaulting officials of the old regime and Grand Vizier Kiamil Pasha is having a hard time to prevent the mobs from taking the prisoners forcibly from the jail and killing them. The report that Kiamil is negotiating with the British for the loan of English army officers to re-organize the Turkish army to prevent the radicals from dethroning the sultan

### ENGINE STRIKES A COW JUMPS TRACK AND TURNS OVER

(United Press Leased Wire.)  
Eugene, Or., Aug. 24.—As a result of one of the worst railroad wrecks in the history of Oregon, four men are dead and several passengers are in a hospital seriously injured. The wreck occurred on the Southern Pacific railway, three miles north of Eugene last night.  
The dead:  
Jack Nichols, age 59, engineer, Portland.  
Frank H. Boulter, 32, fireman, Portland.  
Ray Swartz, 17, Junction City.  
George Bailey, 25, restaurant proprietor, Eugene.  
The injured:  
Verne Apperson, Eugene, back and arm injured.  
John Wright, Portland, leg injured.  
John Francis Willbought, Pittsburg, Pa., left arm broken, back injured.  
Albert Rahn, Portland, left arm cut by glass.  
W. Richardson, Salem, right hip injured.  
Other passengers suffered minor injuries.

### MIKADO DEFIED BY CHINA WILL NOT DISCUSS SEIZURE

(United Press Leased Wire.)  
Hong Kong, Aug. 24.—The Chinese government today declined even to discuss with the mikado's agents, the ownership of 10,000 rifles and 2,000,000 cartridges seized Aug. 11 in Chin Chau harbor, and European representatives are looking for another incident similar to the taking of the Tatsu Maru. The defiant attitude of the Chinese government is supposed to be due to the influence of the empress dowager who is determined that she will not yield as she was forced to do on the former occasion, and the powers here are waiting the mikado's next move.  
The rifles and ammunition were seized as contraband and the mikado quickly sent representatives to protest on the ground that the property was not shown to have been designed for any illegal purpose, and to demand an apology and an indemnity for the owners. China answered that there is no doubt the shipment was designed either for pirates or revolutionists in the south of China and that it absolutely will not be given up.

### WARSHIPS ON WAY TO SAMOA PREPARED FOR ANY "EMERGENCY"

(United Press Leased Wire.)  
San Francisco, Aug. 24.—Exactly at 10:30 o'clock today the signal "Up anchors" run up on Rear Admiral William T. Swinburne's flagship, the West Virginia, started seven cruisers of the Pacific fleet and seven torpedo boat destroyers on their summer cruise to the Samoan islands, which will end at Magdalena bay next winter with a battle practice. The cruisers and torpedo boat destroyers were accompanied by the supply ship Solace and the cruiser Buffalo which will go as far as Honolulu with the fleet. They are fully equipped and prepared for any emergency that might arise.  
Just after the ships had got outside the harbor, they slowed up and each cruiser threw a hawser to a torpedo boat and they started to sea with the little black destroyers in tow. The towing the destroyers is to be done by way of experiment. If it is successful much coal can be saved.

### MOUNTED MEN BURN UP TOWNS BUILDING ARE FIRED BY UNKNOWN

(United Press Leased Wire.)  
Aberdeen, S. D., Aug. 24.—It is reported here today that the towns of Lowry and Akaska on the Minneapolis and St. Louis railroads river extension, were burned in a raid by a mysterious company of mounted men last night.  
The mounted company completely surrounded the two towns and fired every building. The reason for the raids is not known here.  
The bank of Herberal, a store and a pool hall are among the buildings burned at Lowry. Colonel Holmes, president of the Dakota National bank here, who is president of the Lowry bank, confirms that his bank was burned.  
Later reports from the raided towns say that six buildings were burned in Akaska and seven in Lowry. The raid is believed to have resulted in the activity of the authorities in arresting suspected horse thieves.  
The sheriff of Walworth is now at Lowry investigating the fire. Word received from him this afternoon states that the fire was discovered at Akaska at 3:30 o'clock and at Lowry at midnight. Both were undoubtedly the work of the same hand.  
Citizens first on the scene saw several mounted men ride away from the burning buildings.  
A deep mystery surrounds the fire this afternoon. It is known that horse thieves have been threatening vengeance on account of arrests of several of their number. They have had their own way in that section of the state for so long that they resented an attempt to make them obey the law.

The Store That Saves You Money

The Cottage Grove local in charge of Conductor Charles Minkler was coming toward Eugene at the usual speed when suddenly the locomotive struck a bull and the train was brought to a standstill with a jolt. Then followed the grinding of iron and wood, accompanied by the crash of glass as the coaches of the train swayed and careened over the ties. Lying beside the track was a red bull, its severed head and neck resting upon the opposite side of the track. The engine turned a complete somersault. Underneath the boiler was found the lifeless body of Fireman Boulter. The bodies of Swartz and Bailey, their clothes in shreds, were found lying on their backs, where they had been thrown when the crash came, clear of the wreck. A brakeman was the first to reach the engine after the accident. He found Engineer Nichols face downward near the throttle, the cab seat upon his back.  
In an effort to free the unfortunate man from the wreckage the rescuers seized him by the arms and scalded flesh came away in their hands. Nichols was conscious all the time and he was brought to the Eugene hospital where he died at 2:30 this morning. Before his death he told that just before the crash came he thought he saw something on the track ahead of the engine but before he had time to act the train was upon the object.

### BANKER ARRESTED FOR SPEEDING

(United Press Leased Wire.)  
Oakland, Cal., Aug. 24.—J. W. Hellmann, Jr., the banker appeared in court today to answer to the charge of speeding in his automobile. Hellman was arrested yesterday afternoon by the "flying squadron" and went to the police station without protest when it was explained to him that the police had a stop watch on him and could tell just how fast his machine was going. He deposited \$25 bail for himself and his chauffeur.

Warned by the widespread anti Japanese movement that spread over China following the Tatsu Maru incident, the Japanese foreign office is maintaining a much more diplomatic exterior than before but without any sign that it intends to waive its claim.  
European commercial interests in China are encouraging the Chinese in their attitude as they desire to see the Japanese humiliated.

### SAILORS ARE WELL TREATED

(United Press Leased Wire.)  
Sydney, N. S. W., Aug. 24.—(By H. Lee Clotworthy, Staff Correspondent of the United Press with Atlantic Fleet.)—Business was suspended here again today while the citizens reviewed the troops and blue jackets who participated in a monster parade through the streets. Lord Northcote, the governor general, with a party of notables, reviewed the soldiers and marines from a stand before which they passed with guns at "Salute." The American boys were cheered loudly all along the line.  
There is no diminution of enthusiasm and the visitors were as much the center of interest today as on the first day they landed. The theaters attracted many of the boys in blue. This evening they enjoyed a grand ball.  
Tonight the streets were illuminated and the crowds thronged every public place. The continuance of interest in the reception is remarkable and the officers and men regret to think that their stay here must end on Thursday.

### REBELLION IS FEARED IN FINLAND

(United Press Leased Wire.)  
Helsingfors, Finland, Aug. 24.—Russians hurrying troops into Finland in anticipation of a general revolt, according to information brought to this city today. So far the mobilization has been carried on secretly, but the facts are now known and have aroused great excitement throughout Finland.  
Officials of this place are trying to minimize the extent of the military operation, but they cannot conceal their knowledge that they believe present conditions are threatening.  
The Finnish diet is the center around which the present storm is raging and the early dissolution of the body by the czar is expected to precipitate trouble. Russia evidently views with alarm the strength shown in the body by the liberal majority and leaders of the liberal movement have repeatedly asserted that they would be immediately arrested but for Russia's fear that

### FORTY-FIVE PRISONERS BREAK OUT OF JAIL

(United Press Leased Wire.)  
Elko, Nev., Aug. 24.—Sheriff Clark and a posse is today scouring the hills about Elko looking for a man known as "Slim" Smith, who escaped from jail yesterday afternoon in one of the most daring jail deliveries known in this state.  
Forty-five prisoners escaped, but all were re-captured with the exception of Smith, who is thought to have planned the break. The jail is at present overflowing with prisoners, some of whom are waiting trial on charges of murder.  
The break was carefully planned. As Under Sheriff Harris and Elmore entered the jail last evening with the meal, three prisoners jumped upon them. A hot fight ensued and the officers would have been killed had it not been for a negro trusty who ran to the street and called for help.  
The prisoners feared that the break would fail and all took to the street. Sheriff Clark, who was attracted by the cries of the negro, ran to the jail, and with the posse, captured all the escaped prisoners but one.
